

VISION SNAPSHOT

Where are you going together? How together are you about your future?
Fill out a survey each then come together and discuss your answers.

1. Write down 3 statements that define the vision for your marriage (can be as broad as you like):

2. Write down your personal and shared goals:

PERSONAL

SHARED

3. Can you articulate any of your spouse's personal goals?

5. What are some other things you want to **achieve** together?

4. What do you **do** to empower your spouse to achieve them?

6. How well do you vocalise your dreams? Do you create a safe place for your spouse to do the same?

7. Brainstorm together some words to help you define your dream for your marriage and your life together. Then discuss what you need to do to create this?
